Southern PIKNIK®

AN EASY CHOICE FOR OVER 30 YRS.

Smooth Corners

Superior Construction

Folds Easily

For over 30 years Southern Aluminum PIKNIK® Tables have been the choice for clubs, resorts, public facilities and home use. Not only are Southern Aluminum PIKNIK® tables lightweight, they are also the most durable products you can buy.

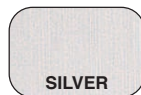

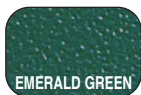

Materials:

- All structural components, including benches, braces, main frame, mounting brackets and end caps shall be extruded and heat-treated aluminum alloys 6063.
- Main frame tubing 1.9" OD x .109" wall pipe, diagonal braces 1 1/2" surface with .125" thick return flanges on section bottoms.
- Depth of top section 1 1/2" minimum.
- Bench seat extrusions (2) .080" to .090" nominal walls.
- Fasteners made of aluminum, cad, or zinc-plated steel.

Southern Picnic tables can safely hold up to 250 lbs. per square foot.
